Haopeng Zhang

Email: haopeng@ifmlab.org
Tel: 404-376-1886
Website: hpzhang94.github.io

Research Interests

- **Natural Language Processing**

  Summarization, Text mining

- **Graph Mining**

  Graph neural network, Heterogeneous graph representation

Education

University of California, Davis (continued) — Davis
Ph.D. in Computer Science — 2021–present
Advisor: Dr. Jiawei Zhang

Florida State University — Tallahassee
Ph.D. in Computer Science — 2019–2021
Advisor: Dr. Jiawei Zhang

Georgia Institute of Technology — Atlanta
M.S. in Computational Science — 2016–2018
M.S. in Electrical and Computer Engineering

University of Illinois, Urbana and Champaign — Urbana
B.E. in Electrical Engineering — 2014–2016

Experience

Tencent AI Lab — Seattle
Research Intern (Mentors: Dr. Sangwoo Cho, Dr. Kaiqiang Song) — Summer 2022
Worked on graph-based unsupervised multi-document summarization, proposed a new framework that balances summary salience and diversity for extractive summarization, and completed one research paper.

Salesforce Research — Remote
Research Intern (Mentors: Dr. Semih Yavuz, Dr. Yingbo Zhou) — Summer 2021
Worked on addressing entity level abstractive summarization hallucination by controlling entity coverage, domain transfer for abstractive summarization with intermediate data and completed one research paper.

Kidswant Company — Nanjing
Data Mining Research Intern (Mentors: Dr. Hang Liu) — Summer 2018
Worked on extracting lifecycle rules for different classes of products and improved the recommendation system; Developed tool with Django and Pyecharts for dynamic data visualization.

Accessibility Solutions and Research Center — Atlanta
E-text MathML Production Assistant — Fall 2016
Developed E-text materials in MathML team.

Scholarships and Awards

- FSU Travel Award 2020
- Adelaide D. Wilson Graduate Fellowship Endowment Fund 2019
- Russell E. Berthold Scholarship 2015

Teaching

- **Teaching Assistant** at Florida State University Fall 2019, Fall 2020
  Theory and Structure of Databases (COP4710)
- **Teaching Assistant** at Florida State University Spring 2020
  Complexity and Analysis of Data Structures and Algorithms (COP4531)

Skills

- **Programming:** Python, JAVA, Latex
- **Deep Learning Platform:** Pytorch, DGL, Huggingface
